City Council Meeting at the Municipal Complex

Mayor Sean Mc Dermott with the assistance of Cub Scout Zach Schwartz called the first City Council meeting at the new Municipal Complex to order on Wednesday, September 25, 2019. The presentation of the colors was done by the American Legion Post 1941. The Cub Scout Pack 3177 and Scouts BSA Troop 216 led the Pledge of Allegiance. The meeting proceeded with business as usual. The Council Chambers will be used for all future City Council, Plan Commission and other Committee meetings. This room is equipped with high tech audio visual equipment, motorized screens for audience viewing, and microphones and acoustical panels for easy listening. The City also has equipment available for use by hearing impaired individuals to make everyone's experience at the public meetings enjoyable.

Swearing in of New City Clerk

At the July 24th City Council meeting, Mayor McDermott swore in Elizabeth “Liz” Kmet as the City’s new City Clerk. Liz has been a resident of the City of Countryside since 2001. She has been a local REALTOR® for over thirty years with RE/MAX Properties, affording her an opportunity, when presented, to proudly promote all that Countryside has to offer. Liz has been active in the community as an event participant, volunteer and donor. She has already been a familiar face at many of the City Council meetings, wanting to stay informed and grounded in the activities and business transactions of the city. And if you attend the Countryside summer concert series, you have probably met her. Liz’s favorite Countryside event is the annual St. Patrick’s Day parade, which goes right past her home, and gives her a chance to gather and celebrate with a great crowd of family, friends and neighbors. She is currently the vice-president of the New Countryside Women’s Club, whose main fundraising objective is to provide several annual scholarships for Senior high school students that reside in Countryside. Liz looks forward to fulfilling the expectations of the City Clerk’s position, and working along with the administration, elected officials and residents.

Coffee with the Mayor - December 7th 10 - 11 a.m.

Coffee with the Mayor was held in the Council Chambers at the new Municipal Complex on September 7th. Finance Director Dave Schutter and City Administrator Gail Paul gave a presentation on the 55th Street Commercial Tax Increment Financing District including an overview of the redevelopment plan, budget, and potential improvements. Mayor Sean McDermott opened the second time capsule from the City Hall and answered questions from the audience before giving residents a tour of the facility.

We hope you can make it. Parking will be limited for this community-wide event. Please consider parking at the old City Hall where trolleys will transport you to and from the Municipal Complex. Municipal Complex Update

The fence is up, the elevator is operational, the flag poles installed and security in place. Looks like we are finally ready to move operations. The City staff will begin moving departments in stages starting mid October. We expect everyone to be in the new Municipal Complex by the end of October. Please be patient with staff during this transition as we organize each department and transfer systems over.

Brainard Avenue Shared-Use Path

ComEd, AT&T and Comcast have spent the entire spring and summer relocating their facilities to prepare for the City's Shared-Use Path along Brainard Avenue. We expected this work to be completed by the end of June. Unfortunately, the work will not be completed until mid-October. The IDOT contractor for the path construction is requiring that all utility relocations are 100% complete before they will begin construction of the path. The utility relocation delays have forced the City to decide whether to start the project this year or to postpone it until spring 2020. If the project were to begin this year, only approximately 25% of the work would be done prior to winter. This would leave homeowners in a state of disarray until spring. We feel that this inconvenience is too great and, therefore, the City has elected to postpone the project until spring. We sincerely regret this delay, but it is beyond our control.

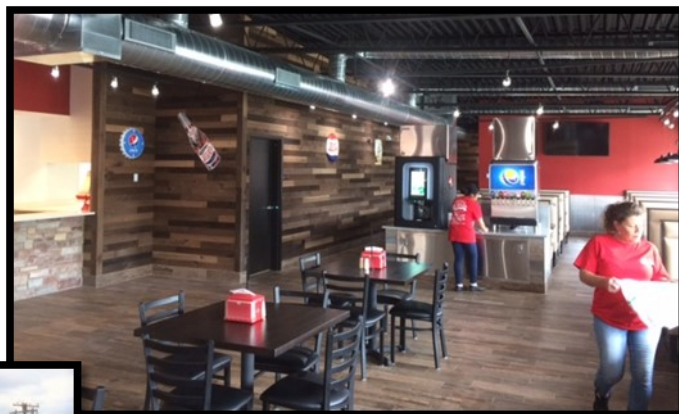

Economic Development Updates

Shop Small Business Saturday, on November 30th

Small business Saturday is celebrated on the Saturday after Thanksgiving in the United States. This is a day the City encourages you to patronize small, brick and mortar businesses in Countryside. Whether you buy a pizza from Ledo's, earrings from Marry Me Jewelers or a car from Westfield Ford doesn't matter. What matters is the act of showing support to our local businesses, many of which are family owned.

Police Department

Criminal Justice Information Services (CJIS) Security Policy Compliance

In August, the Illinois State Police in conjunction with the FBI Criminal Justice Information Services (CJIS) Systems Agency conducted an Information Technology Security Audit for the Countryside Police Department. This security audit “helps ensure the compliance of the information systems that transmit, receive, and/or store criminal justice information as compared to the FBI CJIS/LEADS Security Policies. The areas assessed in the audit included agency agreements, written policies and procedures, data encryption, transaction logging, wireless computing, and employee training”. This audit is conducted every two years and is vital to the operations of this police department as well as every other law enforcement agency in the country. The Countryside Police Department was found in compliance with the FBI CJIS and Law Enforcement Agencies Data System (LEADS) security policies and we continue to meet all the standards to maintain our authority to use these systems.

The Texas Roadhouse Benefit Lunch in support of the Law Enforcement Torch Run for Special Olympics Illinois was held on July 26, 2019.

Trick-or-Treat Hours

The Countryside Police Department held a school supply collection this summer to help provide Ideal School students with school supplies for the 2019-2020 school year. Due to all the generous donations received, Countryside officers were able to deliver all of the school supplies pictured above, to Ideal School on August 20, 2019, just in time for the start of the new school year. A huge “Thank You” to everyone who contributed to making the collection a success.

On July 1, 2019, new legislation went into effect raising the tobacco purchase age to 21. This law covers cigarettes, e-cigarettes, vapes, and chewing tobacco. Governor Pritzker signed the law in April, making Illinois the 8th state to raise the smoking age to 21. The new law also requires stores that sell tobacco to update age verification and post signage with the new minimum sales age. The Countryside Police Department is committed to ensuring that retail establishments conform to the new law. This includes compliance checks to verify that stores selling tobacco products comply with laws and ordinances of the State of Illinois and the City of Countryside.

Public Works Reminds You . . .

Crews will be collecting leaves on a continuous cycle throughout the entire program period. The leaf collection program provides residents with an alternate way to dispose of leaves. Instead of bagging or mulching, residents may rake leaves onto the parkway.

In order for this program to be successful, we ask all residents to observe these guidelines:

- Leaves **SHOULD** be raked onto the parkway near the street.
- Leaves should **NOT** be raked into the street.
- Do **NOT** deposit branches, sticks, garbage, or other debris into the leaf pile. This can damage the equipment and cause a dangerous situation for our employees.

Please allow 7 to 10 working days between pick-ups as it typically takes a week or more to do a full cycle of the City.

Brush Pick-Up

Branch and brush pick-up will be provided through **October 31st**. Crews will be covering the City on a weekly basis. If you have questions, please call the Public Works Department at (708) 354-3390.

Keep Storm Sewer Covers Clear To Prevent Flooding

The Public Works Department is requesting that residents with a sewer cover near their homes help prevent street and parkway flooding by keeping the cover and inlets clear of leaves and other debris throughout the year. Clearing the sewer covers also helps prevent storm water backup into homes.

Senior citizens (62 and older) and disabled Countryside residents may sign up each year to have their driveway aprons plowed if more than 2-inches of snow falls. This removal will be done **ONLY** after all City streets are cleared. Please note that the City is **NOT** responsible for any driveway damage. To receive this service, please fill out the form below and return to the City Clerk's office. Allow 48 hours for processing.

City Suspends its Electric Aggregation Program

Following the passage of a November 2012 voter Referendum, the City of Countryside contracted with alternate retail suppliers to procure a lower cost power supply for resident and small commercial retail accounts. The program brought substantial savings to program participants. The City renewed the program in subsequent years and again sought competitive bids to extend the program at the expiration of the current term of October 2019. Preliminary bid pricing was not competitive with the current ComEd rate of 7.1¢ per kWh. With no achievable savings at this time, the City has decided to temporarily suspend the program and to seek viable alternatives such as competitive renewable energy programs.

Residents who are currently enrolled in the program do not need to do anything as you will be automatically switched back to ComEd supply service at the October meter read date. Ratepayers will receive a "Confirmation of Drop" notice from ComEd near the end of September. With the suspension of the City's program, residents will receive increased solicitations from electric suppliers. When considering any solicitation, residents are advised to avoid variable rates that may have no upward cap, termination fees, and any added monthly or miscellaneous fees. A recent Illinois Commerce Commission study reported that Illinois residents who engage in an individual supplier contract (i.e., not a City electric aggregation program) paid an average of 24% above the ComEd rate. Never provide your ComEd account number to a solicitor unless you have contacted them directly to enroll and you have reviewed all terms and conditions. Avoid supposed deadlines associated with signing up for a program.

No solicitor is associated with the City. If they claim otherwise, take their information and report it to the ICC at <http://www.icc.illinois.gov/consumer/complaint>. For more information about electric rates, visit www.PlugInIllinois.org. See template below of the notice to be mailed from ComEd.

Dear Customer:

We have received notice that effective [effective date], [supplier] will no longer be your electric supplier of choice. Your electric supplier is being changed to ComEd. For questions or information regarding your previous electric supplier, please contact [supplier] at [supplier number].

Manager, Billy Rosinia, Receives PGA Senior Masters Honor

On July 29th, the PGA Senior Masters presented the PGA Senior Masters Honor award to Billy Rosinia, Flagg Creek Golf Course's general manager. Billy first pursued football at Missouri Western where he played outside linebacker. However, as servicemen in the mid-1970s were returning to civilian life and attending college on the GI Bill he was suddenly competing against some much bigger, older and more mature men out on the field. "After I got clocked by a big Texan I thought maybe I should re-think this football thing," recalls Billy. So, after freshman year and a summer at home refining his golf game, he headed west to Mesa Community College where he played on the men's golf team. It was there he decided he could make a profession of the game.

While learning the ropes at his first job at Ville Du Parc Country Club in Mequon, Wisconsin, Billy continued to pursue his playing career competing in mini-tour events in Southern Wisconsin and Northern Illinois. After various career moves Billy found himself back in the Chicago area where he established himself as a leading player in the Illinois Section. During the course of his career, Billy qualified for four PGA Tour events – two Western Opens at Cog Hill, the 2008 U.S. Senior Open at Broadmoor where he made the cut and was welcomed to the Champions Tour and the Senior PGA Championship at Harbor Shores. In addition, he's won the Illinois PGA Assistants Championship, two Illinois PGA Senior Match Play Championships, the Senior Illinois Open Championship, several stroke plays and is a two-time Illinois PGA Senior Player of the Year.

Billy, now a grandfather of four, would like to thank his partner of nearly 20 years, Chrissy who sometimes caddies for Billy. His children Bianca, Taylor, Michael and Raquel have been in his corner all the way. Billy recounts, "My father said it was advisable that I pursue my PGA credentials in case tour golf didn't work out. And, like most fatherly advice, he was right. I've had a wonderful life in golf through the PGA of America." The City of Countryside and Pleasant Dale Park District congratulate Billy on receiving this honor. ***Way to go Billy!***
