Notice of Self Certification

	Yes	No	N/A
This application is to install a solar energy system and is designed to mitigate the specific, adverse impact upon the public health, safety and environmental conditions of the neighborhood and to be in compliance with all applicable codes and ordinances			
The solar energy system being proposed for installation is in compliance to meet all applicable health and safety standards and requirements as imposed by the State and Local permitting authorities			
If the solar energy system being proposed is for heating water, the system shall be certified by the Solar Rating Certification Corporation (SRCC) or other nationally recognized agency. The certification shall be for the entire solar energy system and installation. <small>(Note: SRCC is a non-profit third party that is supported by the United States Department of Energy.)</small>			
A solar energy system for producing electricity shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronic Engineers, and accredited testing laboratories such as Underwriters Laboratories (UL).

Fees and Fines for Violations of the City Building Codes

Work started without a permit: For any and all work which is started without first obtaining the proper or required permits, the following fees shall be assessed:

One and Two Family Residential properties shall be assessed a fine (in addition to the regular permit fee) of an amount equal to two times the permit fee or \$150.00 whichever is greater.

Commercial, Industrial and Multi-Family properties shall be assessed a fine (in addition to the regular permit fee) of an amount equal to two times the permit fee or \$250.00 whichever is greater.

Any person or company in violation of this section a two or more times shall be issued a citation to appear before the City of Countryside Adjudications where a fine up to \$750.00 per day may be ordered.

Failed Inspections: A \$75.00 re-inspection fee shall be assessed for each failed inspection on work covered under the scope of an issued permit. The re-inspection fee must be paid prior to scheduling the next inspection.

Work Not Ready For Inspection: An additional \$150.00 fee shall be assessed for each scheduled inspection for which the work is not complete or access is not provided to the job site by the contractor, owner or agent.

Improper Display of Permit Placard: A \$25.00 fine shall be assessed for any work being completed without properly displaying the permit placard. The permit placard shall be displayed on the front of the building and be clearly visible from the public way.

Set up Inspections

Please speak with a person in the building department to set up inspections. Please have the permit number and address ready when calling for inspections. Please DO NOT leave inspection request on voicemail. All inspections must be called in before 3pm the day before an inspection. We are unable to do same day inspections. An Authorized agent must be present for the inspection.

Inspection Type	Required
