

File of Life Program

The Countryside Police Department is pleased to introduce a community initiative entitled the "File of Life" program. The File of Life packet enables Police/Fire/EMS personnel to obtain a quick and accurate medical history when a patient or family member is unable to offer one.

The File of Life is a red, magnetic packet that contains vitally important medical information about you. The File of Life also provides an area to list contact information for your doctor, family members, insurance information and any other special circumstances that rescue personnel should know in caring for you.

FREE File of Life packets are available upon request to all Countryside residents. Contact the Countryside Police Department at (708)352-2171 for additional information.
